Before use please read & understand this manual, paying particular attention to the safety instructions.

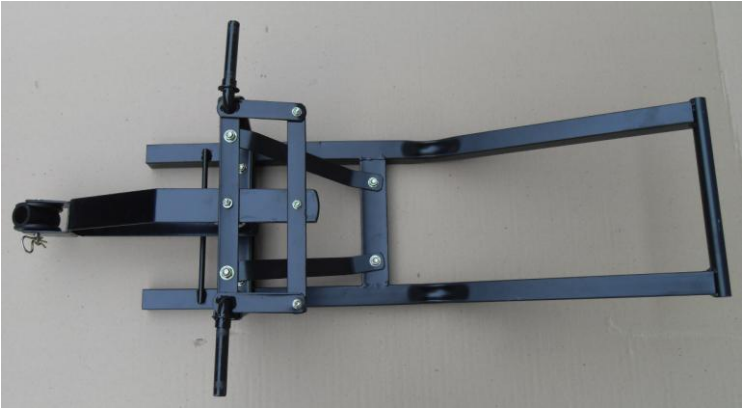

THMPC

This yard cart with dumping capability is ideal for hauling loads of mulch, dirt and rocks around the yard.

- Load Capacity: 1500LBS. Dumping Capacity: 600LBS.
- The side panels can be put down or taken off to convert the cart into a flat bed trailer.
- Complete with a big plastic tub for all kinds of gardening tools.
- The plastic tub can be used as a cover or pallet.
- The handle can be converted into a trailer hitch, to allow the cart to be used as a tow-behind wagon.
- 13"x 5.00-6 pneumatic wheel for a high load capacity.

I. Parts List

No.	Picture	Description	Qty
1		Steel Tray TH198-1	1pc

No.	Picture	Description	Qty
12		R Clip TH198-12 (used to assemble the handle and yoke)	1
13		Washer TH198-13 (used to assemble the handle and yoke)	1
14		Yoke TH198-14	1
15		Bolt TH198-15 (used to assemble the handle and yoke)	1

II . Assembly

STEP I

Bed Frame & Steel Tray Assembly

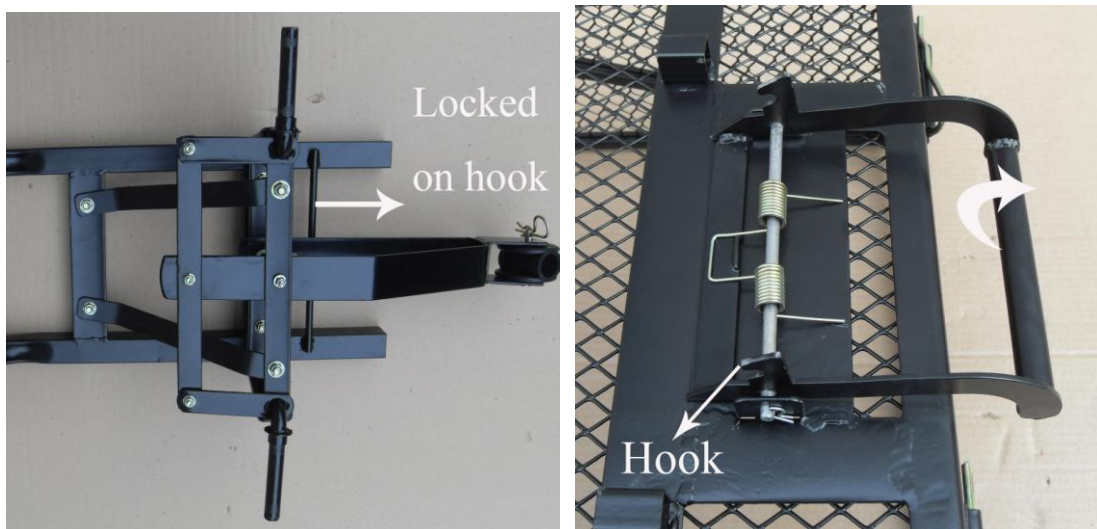

1. Turn steel tray (1) upside down. The dump handle is pre-assembled on the steel tray.

2. Thread the axle (7) through the bed frame braces (4) and preassembled bed frames (3) as pictured.

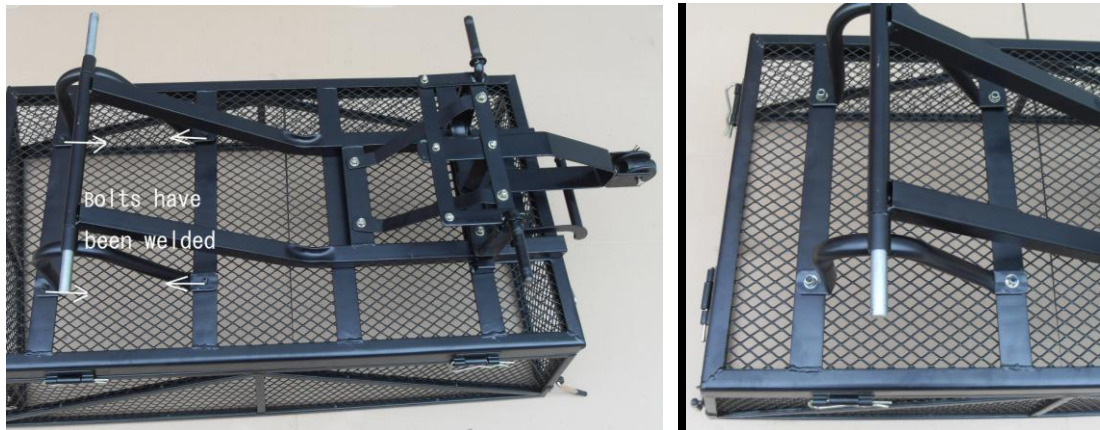

3. Put pre-assembled bed frame (3) onto steel tray (1), and then unlock the dump handle by pulling in an upward direction so that the marked part of the bed frame is locked onto the **HOOK** of the dump handle.

4. Attach the pre-assembled bed frame (3) to the steel tray (1) using lock bolts

and flat washers (8). **Four bolts have been welded onto the steel tray.** Please align **the longer side of the bed frame braces towards the front of the cart.** Tighten all nuts securely.

STEP II

Wheel Assembly

Place the wheels (5) onto the axle and bed frame (valves facing out), then place flat washers onto the axle, and lock using Split pins (9). You will need to use pliers to separate the split pins.

STEP III

Handle Assembly

Turn over the assembled cart; put the handle (6) into the yoke. Place the handle bolt (15) through the frame (3), handle (6) and yoke (14), and then secure with the R-Clip (12).

Using the convertible handle:

1. Remove the clips and cotter pins.
2. Push the handlebar in a vertical direction and insert the clip. Secure by attaching a cotter pin.
3. The second cotter pin is used to attach the handle to the trailer hitch.

Using the handle as a trailer hitch:

The simple yard cart is now assembled:

STEP IV:

Put the plastic tub (2) into the steel tray (1) and lock using a cotter pin.
